BACCARAT:
COMMISSIONED BY A KING,
CREATED BY ARTISANS.
LIFE AS AN ART FORM.
Louis XV had simple needs; he demanded all things haute. In 1764, a glassworks was founded in the little village of Baccarat by his Royal decree, and began producing crystal treasures of exceptional brilliance and clarity. Ever since, it has embodied that exacting standard, creating the magical elements of celebration for the world's most discerning clientele, the few who can conceive, command and, most of all, appreciate excellence.

Incomparable inspiration—Baccarat’s crystalworks is home to the world’s greatest concentration of the celebrated Meilleurs Ouvriers de France, the renowned craftsmen and artisans whose work exemplifies the perfection-seeking tradition of a nation that worships the delicate balance of technical skill, inspiration, innovation and respect for heritage. Home to twenty-five of these passionate artisans, Baccarat is the most decorated company in France, committed to excellence in every detail. Baccarat Hotel and Residences is inspired by their timeless ideals and celebrates their extraordinary talent.

The alchemy of glamour, celebration, seduction, and intimacy. The nexus of personal craftsmanship and art. The intersection of French tradition and creative modernity. The art of living, being and learning from oneself and others. What makes an experience... Uniquely Baccarat.
THE PORTAL TO PERFECTION.

RESIDENCES
THE PORTAL TO PERFECTION.
Behind these doors, perfection is at hand. Your ultimate destination, where refined craftsmanship and resonant history converge in an atmosphere of elegant celebration. Intimate, individualized and utterly exclusive, it has been carefully designed to cater to your every need. More than a home, a Baccarat residence offers entrée to a unique living experience. Everything around you meets the highest standards and was conceived, designed, and personalized with precision, with passion, and with your dreams in mind. Residents have full access to an unprecedented range of hotel services designed to exceed the most demanding expectations, and a staff dedicated to doing the impossible. Uncompromising excellence and unsurpassed elegance are Baccarat’s raison d’etre.
A site this unique requires a design that is its equal. So the Baccarat Hotel & Residences, designed by Skidmore, Owings & Merrill, is more than an elegant addition to the skyline of Manhattan. Honoring its storied heritage, its faceted frame, enclosing a vertical wall of glass, reflects every particle of light that passes by on the street. The building’s interiors shine through, unimpeded, refracting and glistening just as a Baccarat crystal Champagne glass celebrates the spirits within while reflecting the celebration around it. It begins in crystal vertical facets, then rises through 50 stories of ultra clear glass, before echoing its faceted base in the metal that crowns the architectural creation, turning the building itself into a jewel. Dozens of designs were considered before SOM found the one that met the demands of such a special site, paying homage to the Museum of Modern Art with echoes of international style, enhanced with inimitable French glamour.

Designed to be shared and admired, it is a home that combines all the comforts and grandeur of a palace, and the ultimate expression of uncompromising quality.
